odeidoris@gmail.com • +1 (301) 232 4468 • College Park, MD, USA • [ln/dorisodei](https://lnkd.in/d/dorisodei)

PROFESSIONAL SUMMARY

Development professional with an interdisciplinary background in economics, population studies, and survey and data science, backed by over five years of experience across West Africa and the United States. Specializes in survey design, monitoring and evaluation, M&E framework development, and project management for social programs, bridging rigorous data collection with real-world impact. Translates evidence into dashboards, reports, and evidence briefs that help organizations measure what matters and make more equitable decisions.

EDUCATION

University of Maryland (UMD), MSc, Survey and Data Science	College Park, MD 2026
University of Ghana, M.A., Population Studies	Accra, Ghana 2022
University of Cape Coast, B.A., Economics and Sociology	Cape Coast, Ghana 2020

DATA ANALYTICS & TECHNICAL SKILLS

Statistical & Programming Tools: R, Excel, Git/GitHub, KoboToolbox, REDCap, Qualtrics, SurveyMonkey, Google Forms; Introductory: SQL, STATA, SPSS, Python

Data Visualization: Power BI, Tableau

Methods: Quantitative Research Methods, Applied Statistics, Statistical Modeling, Survey Design & Methodology, Data Cleaning & Processing, Descriptive & Inferential Analysis, Program Evaluation, Survey-Weighted Analysis, Data Quality Assurance

Documentation & Workflow: Codebook Development, Data Documentation, R Markdown, Quarto, Reproducible Research Workflows, Microsoft Word & Excel

AI-Assisted Tools: Exposure to Claude Code (tea

WORK EXPERIENCE

Graduate Coordinator, Research & Assessment	August 2024 – June 2026
<i>Department of Residential Life, University of Maryland</i>	<i>College Park, MD</i>

- Designed and administered 10 survey instruments per academic year (4 large-scale, 6 targeted) covering 9,000+ residential students, achieving response rates above 50%; conducted survey response analysis and applied statistical models to assess residential program outcomes.
- Processed incoming source data in R and Excel, including creating variables, restructuring data files, merging datasets, and performing data cleaning operations, applying sound data management practices to produce analysis-ready files with documented processing decisions.
- Produced technical memos documenting data processing decisions and summarizing findings; prepared figures, charts, and tables for reports and 3 interactive Tableau dashboards; delivered presentations with supervisor to multidisciplinary teams to support policy decisions.

Monitoring and Evaluation Officer	May 2023 – May 2024
<i>Youth Advocates Ghana (YAG)</i>	<i>Nsawam, Ghana</i>

- Evaluated the effectiveness of youth-focused social programs in governance involvement, sexual and reproductive health, and education targeting underserved populations, using quantitative data to assess program outcomes and inform evidence-based improvements.
- Designed and implemented M&E frameworks for 4 funded programs, developing outcome measures and managing quantitative data collection across 13 field sites with methodological consistency across all project cycles.
- Established the organization's first structured reporting system by introducing pre/post activity evaluations and a centralized document repository, creating consistent data capture workflows where none previously existed.
- Trained 6 staff and partners on M&E tools, data collection instruments, and survey implementation; produced analytical reports with descriptive analysis translating program data into donor-facing findings, supporting continued funding over a 3-year project lifecycle.

Key Achievement: Built and implemented M&E frameworks for 4 programs, significantly improving data management and reporting accuracy, directly contributing to sustained donor support over a 3-year project lifecycle.

Data Analyst	March 2023 – May 2023
<i>Concept Make It Happen (CMIH)</i>	<i>Accra, Ghana</i>

- Deployed 4 KoboCollect-based surveys across all regions of Ghana, replacing manual data collection and reducing transcription errors; built and maintained a national merchandiser database enabling rapid field analysis for strategic decisions.

- Analysed operational and market data using Excel and Power BI, building 4 dashboards that identified merchandising trends and supported leadership decision-making across all regions of Ghana.
- Delivered training to field merchandisers on the use of KoboCollect digital data collection tools, improving data capture consistency and reducing manual reporting errors across all regions of Ghana.

Key Achievement: *Developed a national merchandiser database and customized KoboCollect tools, improving field data collection efficiency and accuracy and enabling rapid analysis for informed strategic decisions.*

Monitoring, Evaluation & Learning Programme Assistant

September 2020 – December 2021

West Africa Civil Society Institute (WACSI)

Accra, Ghana

- Supported a mid-term evaluation spanning all 15 West African countries, contributing to design, data collection, and analysis phases assessing impact across 20 training activities for nonprofit beneficiaries.
- Conducted approximately 15 qualitative telephone interviews as part of a mid-term evaluation spanning 15 West African countries, contributing findings to 3 monitoring reports over a 16-month period; improved the accuracy of a civil society partner database of 5,000+ records, strengthening data reliability for network-wide monitoring and reporting.

Key Achievement: *Improved the accuracy of a key civil society partner database and enhanced coordination systems, directly supporting WACSI's network management and capacity building objectives across West Africa.*

SELECTED ACADEMIC PROJECTS

Membership Survey Consulting Project – Rotary Club of Ann Arbor

- Managed end-to-end survey lifecycle, including literature searches, instrument design, administration, and quantitative analysis, generating actionable insights and comprehensive reports for organizational stakeholders.

Multi-Stage Survey Sampling Design – Detroit Transportation Study

- Designed a multi-stage probability sample applying Probability Proportional to Size (PPS) sampling to support efficient and representative fieldwork planning.

Survey Methodology & Data Quality Analysis – ESS Round 10

- Applied survey-weighted statistical models to assess data quality across multiple countries; developed codebook and data documentation to support reproducibility and transparency.

AWARDS, HONORS & PROFESSIONAL DEVELOPMENT

- Recipient of the German Academic Exchange Service (DAAD) Scholarship (2021), awarded for academic excellence and research potential, to attend the Regional Institute for Population Studies (RIPS).
- Selected as 1 of 50 participants from 1,000+ applicants for a fully sponsored Data Science & Analytics Fellowship at Blossom Academy (Jan-Apr 2023), completing intensive training and a practical internship in Excel, SQL, Python, Power BI, and data storytelling.
- Selected participant, EvalYouth Global Mentoring Program (2025, ongoing), strengthening evaluation methodology, design, and outcome measurement skills alongside a global peer network of M&E professionals.
- Completed Humentum/CRS MEAL for Development training, 2021.

Affiliations: American Evaluation Association • EvalYouth Global Network • Ghana Monitoring and Evaluation Forum

LEADERSHIP & VOLUNTEER EXPERIENCE

Community Advisory Team Member, Digital Health and Rights Project (*DHRP*) Feb 2024 – Feb 2026

- Provide youth and community perspectives to strengthen participatory research on digital health, inclusion, and rights in low- and middle-income settings.
- Contribute to the design and review of research tools, reports, and stakeholder dialogues to promote equitable access to digital health services.
- Support dissemination of policy briefs and learning materials focused on data governance, health equity, and the ethical use of technology in health systems.

Publication: *Youth Voices at the Digital Crossroads: A Call for Inclusive Digital Health Governance — Published on NAP+ Ghana Blog, November 2025.*

Impart Foundation, Co-Founder / Research & Evaluation Lead

Ghana | Present

- Designed multiple data collection tools to evaluate education and digital skills initiatives serving 300+ underserved youth, using outcome tracking to guide iterative program improvements.

African Youth SDGs Summit Secretariat, Chief Rapporteur

Lusaka, Zambia | August 2023

- Led a 6-member team to draft an official summit report and declaration for a continental summit convening 1,000+ in-person delegates, advancing the African Union's Agenda 2063 and the Sustainable Development Goals.
